

Weald Enterprises

118-130 Lower Hythe Street
Dartford
Kent
DA1 1BN
United Kingdom

Our showrooms in Dartford have convenient parking, and are within 2 miles of the M25. For customers using the train we are very close to Dartford train station.

Approaching from the north

When coming from the North, join the M25 and follow the signs towards the Dartford Tunnel. When you cross over the Queen Elizabeth Bridge (at Dartford), keep in the left hand lane as you approach the toll booths. Leave at junction 1A and follow the signs for Erith (A206). Go straight across the next three roundabouts following the A206 then at the next roundabout take the left hand exit towards Dartford (A2026).

Approaching from the south

Leave the M25 at junction 1A (Last exit before the tunnel) and bare left at the first roundabout towards Erith (A206). Go straight across the next two roundabouts following the A206 then at the next roundabout take the left hand exit towards Dartford (A2026).

From either direction

Follow this road for 8 tenths of a mile until you pass a Gasometer on your left, just past the zebra crossing is Lower Hythe St on the left, but this is a No Left turn and one should go around the roundabout and turn right. Weald Enterprises is on your left in about 50 yards. Have a safe journey.
